

HOW TO MAKE A GHARIAL CARD

WHAT YOU NEED:

- A piece of green (or white) paper
- Pencil
- Scissors
- Crayons (optional)
- One of your parents to help you out

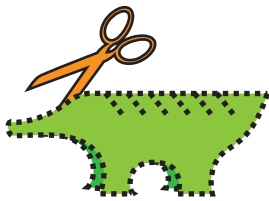

STEP 1

Print out the Gharial PDF.

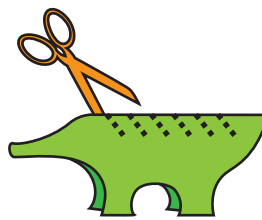

STEP 2

Fold the print out on the dotted line (the fold line will be the gharial's back).

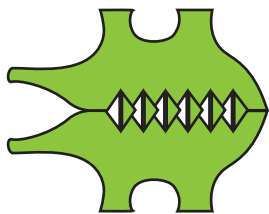

STEP 3

Color and cut out the template piece.

STEP 4

Cut 6 small diagonal slits along the back of the gharial (along the fold line).

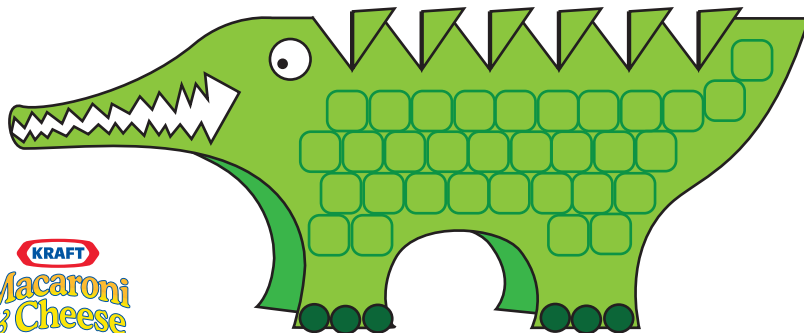

STEP 5

Unfold the paper. Fold over each of the slits you cut, forming little triangles.

STEP 6

Draw a big, toothy mouth and an eye on the gharial. Cut out the teeth if you like.

STEP 7

Decorate the gharial.

STEP 8

If this is going to be a card, write your message on and in the gharial.
